MAGNESIUM HARDNESS TARGET

When conditioning the spa water with Pure Minerals, the target Magnesium Hardness level is 600-800ppm. Magnesium Hardness can be tested with LaMotte Spin Disk 801, or LaMotte Insta-test Magnesium.

Pure Minerals™

Pure Minerals™ enhances the water to create a luxurious, soothing and healthy spa. It is an all-natural product that is safe to handle, easy to use, and is suitable for any spa type and surface finish.

Water Feel

Pure Minerals™ is created from the highest purity magnesium crystals and is designed to transform the bathing experience. Magnesium naturally enriches the water, creating a smooth and silky water feel.

Wellness

Pure Minerals™ enables you to experience the well known health benefits of magnesium. Absorbing magnesium from the water will leave your skin and body feeling rejuvenated and replenished.

High Clarity

Excellent water clarity is achieved with the addition of Pure Minerals™. The magnesium crystals work as a natural flocculent, removing organic debris and impurities from the water, creating a crystal-clear spa.
