HIGH PERFORMANCE FILTERS

- ✓ High Impact Polymer Tank
- ✓ Chemical and Corrosion Resistant
- ✓ Economical Filtration
- ✓ Slim Compact Design
- ✓ 10 Year Warranty

TRIM SERIES CARTRIDGE FILTERS

evolution®

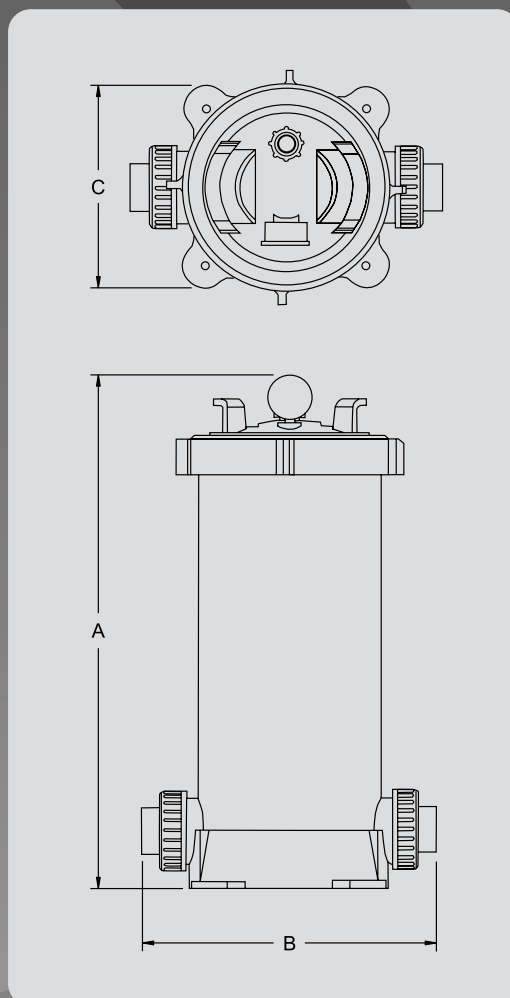

WATER & LIGHTING SOLUTIONS

www.evolutionwls.com.au

Evoclear Trim Series Cartridge Filters are compact, economical filters designed to effectively filter out any suspended solids from the pool. Trim Series filters utilise a specially formulated synthetic filter fabric and are ideal for applications where backwashing may not be practical.

The Trim Series Advantage

- Super fine filtration for crystal clear water.
- Filter cartridge produced with commercial quality polyester pleated fabric.
- Filter tank constructed from high impact polypropylene and rated to a working pressure of 350kPa.
- No backwashing required, therefore no salt and pool chemicals released into waterways.
- Filter cartridge is easily cleaned by hosing the pleats with a standard garden hose.
- Slim and light weight, ideal for installation in tight spaces.
- Suitable for all types of pools and spas, fresh water and salt water.
- Resistant to chemicals and corrosion.
- UV resistant housing and components.
- Inbuilt air bleed eliminates any air build up in the filter tank.
- 40mm barrel unions for easy installation and quick disconnection.
- Easy to read pressure gauge.

Warranty

- 10 year warranty on tank (5 years full, 5 years pro rata).
- 12 months on other components.
- 12 months for commercial installations.

Specifications

Model	Matching Pump (HP)	A (MM)	B (MM)	C (MM)	FILTER AREA (M ² /FT ²)	PIPE SIZE (MM)	MAX FLOW RATE (L/min)
TM50	0.75	605	384	250	4.65/50	40	190
